Section 3 – Sewer Connection Details

3a What is the proposed connection serving?

- | | | | | |
|------|---------------------------------------|-----|---|----|
| i. | Existing refurbished/altered premises | Yes | / | No |
| ii. | New premises or building | Yes | / | No |
| iii. | New or existing basement | Yes | / | No |

3b Connection requirements

- i. Number of properties discharging to public sewer _____
- ii. Number of new connections required Yes / No
- iii. Is the proposed connection for foul sewage only Yes / No
- iv. Is the proposed connection for surface water _____

If you answered NO to question 3b(iii) or 3b(iv) then please detail how you intend to dispose of:

Foul Water

Surface Water

Please note that surface water connections are not permitted to foul sewers

3d Will your effluent be domestic content only Yes / No

3e If No what is the content of the non-domestic effluent discharge

3f Proposed Connection Type

		Foul Water	Surface Water
i.	To an existing private drain/sewer		
ii.	Direct to the public sewer via junction connection		
iii.	To a new manhole constructed on a public sewer		
iv.	To an existing manhole on the public sewer		

3g Do you intend to pump any flows? Yes / No

If yes, what is the proposed peak rate for the pumped discharge from the private pumping station in litres/second

.....litres/second

If no, please proceed to 3h.

3h Water Supply

- i. Is there an existing water supply to the premises? Yes / No
- ii. Have you applied to Icosa or another water company for a supply? Yes / No
- iii. If YES to 3h(ii) then please provide details off the application Yes / No

3j Proposed connection date _____

Section 4 – Application Checklist and Payments

The following will be required to progress and approve your application. Failure to provide all the information requested will delay the Technical Approval process for your connection.

		Provided?		
i.	Location plan, 2 copies, 1:2500 scale	YES	NO	N/A
ii.	Site plan, 2 copies, 1:500 scale showing the proposed position(s) of all connection(s) including the diameter, material, surface type and the depth at the point(s) of connection	YES	NO	N/A
iii.	Payment for your application	YES	NO	N/A

The cost of the S106 application is dependent on the type of connection you intend to make. Please check with Icosa Water which connection you need to apply for before submitting your application and payment.

		Cost
i.	A private connection serving just one property where the existing sewer runs within the property curtilage. Drain will remain private.	£187.50
ii.	A private connection serving one or more properties where the existing sewer runs within private land or the highway. Icosa will adopt the lateral connection subject to a suitable demarcation chamber being constructed at the property boundary.	£495.00

Section 5 – Declaration

I wish to apply for a sewer connection under Section 106 of the Water Industry Act 1991. I acknowledge that I will be liable for any charges payable in respect of this application and in respect of connecting the premises for sewerage services including any relevant infrastructure charges.

Print Name	
Signature	
Company (if applicable)	
Position (if application)	
Date	

Please return your completed application form and all supporting documentation to:

Icosa Water Ltd
27-35 Fleet Street
Swindon
Wiltshire
SN1 1RQ
